What's New 2019	
Annuals	
Angelonia 'AngelMist®' is a spreading angelonia suitable for baskets, containers or in the ground. We have 'Berry Sparkler', 'Dark Purple', and 'White'. Limited Supply beginning in April.	
Begonia 'Bada Bing' is a green leaf series that provide bright color all summer long. We offer 'Mix', 'Rose', 'Scarlet' and 'White'.	
Begonia 'Bossa Nova' is a boliviensis begonia that blooms from spring to frost. We have 'Night Fever Papaya' and 'Yellow', both of which are well branched and self cleaning.	
Begonia 'Funky® Orange' joins the popular 'Funky® Pink'. They both have large, double, novel blooms that brighten shady spots.	
Begonia 'RiseUp' are hybrid begonias that are known for their branching and flowering ability. These produce a multitude of medium sized double blooms just above the foliage and are ideal for baskets and containers. We have 'Flamingo Dream', 'Grenadine Red', 'Salmon Chiffon', and 'Sansibel Peach'.	
Caladium 'Florida Sweetheat', 'Miss Muffet', and 'White Christmas' are part of our caladium collection this spring. 'Florida Sweetheart' is a popular strap leaf with pink leaves edged in green. 'Miss Muffet' has white to light green leaves with lots of pink freckles. 'White Christmas' has silver white leaves with dark green veins and margins.	
Calendula 'Lady Godiva™ Yellow' is a new addition to Proven Winners®. The yellow flowers attract bees and butterflies through the summer.	
Calibrachoa 'Superbells®' have several new varieties for 2019. We offer 'Double Chiffon', 'Doublette Love Swept™', 'Holy Cow™', 'Holy Smokes!™', 'Tangerine Punch™', and 'Cardinal Star™'. 'Double Chiffon' has light yellow, ruffled, double flowers and 'Doublette Love Swept™' has hot rose pink picotee double blooms. 'Holy Cow™' has hot pink striped flowers and 'Holy Smokes!™' has pretty purple striped blooms. 'Tangerine Punch™' is orange with a dark center while 'Cardinal Star™' is a red and yellow star pattern. All are vibrant, eye-catching plants that bloom throughout the summer. Proven Winners®.	
Celosia 'Armor Orange' and 'Purple' are crested celosia types that grow 12-16".	
Celosia 'First Flame™ Mix' is a feather type celosia that blooms up to 2 weeks earlier than others on the market.	
Coleus 'Colorblaze® Sedona Sunset™' is an improvement of the popular 'Sedona'. Brightly colored foliage makes for an attractive container or landscape plant. Proven Winners®.	
Coleus 'Kong Jr.™ Lime Vein' and 'Scarlet' have somewhat smaller leaves than their bigger cousins but still provide a big splash of color in the garden. 'Lime Vein' has chartreuse leaves with burgundy centers and veining. 'Scarlet' has dark burgundy leaves edged with lime green margins.	
Dahlia 'Dahlietta®' is a series of compact, easy to grow, early blooming dahlias. Look for 'Coby' (2 tone yellow), 'Leanne' (purple), 'Lily' (salmon), 'Marissa' (yellow/red bicolor), 'Rachel' (orange), and 'Tessy' (red).	
Dahlia 'Dalaya™ Pink Lemon' and 'Red White' are two-toned dahlias growing 16-18". Both are unusual and eye catching. Limited Supply beginning in April.	

Dipladenia 'Madinia™ Coral Pink' is hot pink and new for 2019. These have a limited vining habit and bloom nonstop through
the summer.
Euphorbia 'Diamond Mountain™' is a larger version of the the popular 'Diamond Frost®'. Performs well in large containers
or in the landscape. Proven Winners®.
Fuchsia 'Autumnale Chartreuse', 'Dollar Princess', 'Standup Red/White' are new at Mary's. 'Autumnale Chartreuse' has
trailing chartreuse and maroon foliage with magenta-red blooms. 'Dollar Princess' is an upright plant with double red and
purple blooms. 'Standup Red/White' has red and white blooms with an upright habit.
Geranium (Exotic) 'Occold Shield' has coral-red blooms atop two-toned foliage. The leaves have a maroon center with green-
gold margins.
Gomphrena 'Truffula™ Pink' is a pink gomphrena reaching 28" with multitudes of cotton ball sized blooms during the
summer. Does well in mixed containers or in the landscape. Gomphrena attracts a variety of pollinators. Proven Winners®.
Impatiens (Bedding) 'Imara™ XDR' is the first series to have some resistance to downy mildew. We have 'Orange Star',
'Orange', 'Red', 'Rose', 'Violet' and 'White'.
Impatiens (Double) 'Fiesta™' have fully double blooms in a range of colors. Look for 'Cherry Sparkler', 'Pink', 'Purple',
'Salmon', 'Salsa Red', 'Stardust Lavender', and 'White'.
Impatiens (New Guinea) 'ColorPower™' is an early blooming, large flowered series with a multitude of colors. We have
'Dark Red', 'Lavender Flame', 'Rose' and 'White' in limited quantities.
Impatiens 'Sunpatiens® Compact Pink Candy' has a pink striped bloom. Sunpatiens® grow in sun or shade and tolerate a
variety of weaher conditions.
Mandevilla 'Sun Parasol® Giant Marbled Crimson' PPAF is a new variegated vining mandevilla from Suntory. Bright green
and white leaves with big rich red blooms catch your attention.
Marigold 'Hot Pak™ Flame' is part of a new series of french marigold that was developed for the heat of our summers. The
compact plants bloom through the hottest parts of the summer.
Osteospermum 'Bright Lights™ Pink' has pretty pink blooms atop the green foliage. Proven Winners®.
Petunia (Petchoa) 'SuperCal® Premium Bordeaux', 'Cinnamon', and 'Caramel Yellow' have larger flowers and a more refined
habit while still being known as the 'all weather petunia'.
Petunia 'Crazytunia Razzamatazz' and 'Pulse' are uniquely striped petunias that will liven up your containers and mixed pots.
Petunia 'Easy Wave® Lavender Blue Sky' joins the Wave® family. Blooms in shades of lavender and blue appear all summer.
The colors lighten with higher light conditions.
Petunia 'Headliner™ Night Sky' and 'Pink Sky' are unusual spotted petunias. 'Night Sky' is dark blue dotted with white (hence
the name) and 'Pink Sky' is hot pink with white spots. They are easy to grow and sure to draw attention. The spotted
patterns may vary with temperatures and light levels.
Petunia 'Sun Spun® Raspberry Star' is a raspberry-red and white striped petunia that can be grown in containers or in the
ground. It has a nice compact habit that makes it ideal for mixed combos.
Petunia 'Supertunia® Blue Skies' has loads of light blue blooms and combines well in mixed containers or on its own. Proven Winners®.

or as a groundcover. Purslane 'Nio Grande''' has large, vibrant blooms in a variety of colors. Available in limited quantities beginning in April. Scaevola 'Whirtwind'' Pink' is the newest addition to the 'Whirtwind'' family with bright pink flowers. It is easy to grow and makes a colorful groundcover or container plant. Proven Winners''. Shrimp Plant (Justicia b. Variegata) 'Shrimp & Grits' is a brightly variegated plant with pink blooms that resemble shrimp. Thunbergia 'Sunny'' Lemon Star' and 'Orange Wonder' are yellow and orange (respectively) black-eyed susan vines. The vigorous vines bloom all summer. Limited quantities beginning in April. Verbena 'Superbena' Raspberry', 'Red', and 'Whiteout''' join Proven Winners''. All three are mounding/trailing with bright clean flowers. They are ideal for baskets and mixed containers. Vinca 'Tattoo Black Cherry' and 'Papaya' are free flowering, well branched plants with unique flowers. 'Black Cherry' is a cherry-red with blackish highlights. 'Papaya' is a soft orange with prominent black eyes. Edibles, Herbs and Vegetables Edibles, Herbs and Vegetables Basil 'Everleaf Genovese' blooms up to 8 weeks later than standard basils. It is well branched and stays tidy even with heavy harvesting. It is excellent for pesto and sauces and has improved resistance to downy mildew. Basil 'Red Boza' is a dark leaved variety originating from Turkey and western Asia. The Intense flavor and aroma make it excellent for pesto and sauces and has improved resistance to downy mildew. Basil 'Red Boza' is a dark leaved variety originating from Turkey and western Asia. The Intense flavor and aroma make it excellent for cooking, salads, and vinegars while bringing a splash of color to your garden. Dill 'Greensleeves' has dark green foliage and does well in field or pot production. It is very slow to bolt and tolerates hot summers. Eggplant 'Millionaire' is a popular japanese type with long slender black-purple fruits. The nearly seedless flesh is ideal for stift-fry and other Asian	Purslane 'ColorBlast Pink Lady' has bright hot pink and white striped flowers all summer. Can be used in baskets, containers

	Mint 'Cotton Candy' has green foliage and pink flowers with a aroma reminiscent of cotton candy.	

Mint 'Kentucky Colonel' is a popular spearmint with a strong scent and dark green leaves. It is a favorite for drinks and fruit salads.	
Raspberry 'Nantahala' PP#20689 is a North Carolina State University introduction. Some of the benefits of this variety are	
later harvest time (late summer), large berries and good disease resistance. Zones 6-9.	
Pepper 'Bhut Jolokia Red' (aka Ghost Pepper) is a super hot pepper that customers have requested for years. The fruit	
matures to red, getting hotter as it ages. Use caution when harvesting and handling the mature fruits.	
Thyme 'Cascata Lemonade' is a trailing green leafed variety that smells like lemonade. It can be used to make lemonade, teas	
or used in culinary dishes.	
Tomato 'Black Cherry' produces large clusters of small, sweet, almost-black cherry tomatoes. An heirloom, it is a favorite for	
salads and just eating off the vine.	
Tomato 'Red Grape' produces clusters of red, baby grape tomatoes. Grape-like bunches contain 20 or more super sweet,	
crack resistant fruits. It is best to stake or support plants.	
······	
Perennials	
Achillea 'Ritzy Rose' PPAF grows to 14" and has dark rose pink blooms appearing in spring and continuing into summer. Zones 4-8.	
Achillea 'Sassy Summer' varieties 'Lemon' PPAF and 'Sunset' PPAF grow to 28-36" but maintain strong sturdy stems while in	
bloom. 'Lemon' is the earliest to bloom with bright yellow flowers while 'Sunset' has dark orange flower heads that mature	
to yellow. Zones 3-8.	
Achillea ptarmica 'Peter Cottontail' PPAF has large ivory-white flowers in the summer atop a mounding plant. It grows to	
24" and deer and rabbits usually leave it alone. Zones 3-8.	
Agastache 'Red Fortune' PP#11816 has magenta-red flower spikes that are excellent for cutting. The wonderfully scented	
foliage and blooms are edible and butterflies love it. The plants grow 24-30" and are hardy in zones 4-9.	
Ajuga 'Blueberry Muffun' PP#22092 is a vigorous small-leafed variety from Terra Nova Nurseries. Spikes up to 8" appear with	
blueberry-blue blooms in the spring and early spring. Zones 5-9.	
Alcea ficifolia 'Las Vegas' is a hardy and longer-lived hollyhock. Tha plants reach 6' in bloom with a wide color range of large	
flowers including reds, yellows, pinks and white. Zone 3.	
Alstroemeria 'Inca Ice™' is a Peruvian Lily that grows 2-3' tall and has salmon pink and creamy yellow flowers in large	
clusters. It is considered hardier than some varieties and was bred for garden use. Zone 6. Limited quantities.	
Anemone 'September Charm' is a Japanese type anemone and has an adundance of single rose-pink flowers in late summer.	
Armeria pseudarmeria 'Ballerina Lilac' forms a neat grass-like clump that is topped with lots of lilac-pink globe shaped	
flowers in the spring and early summer. Zones 7-9.	
Aster 'Island™ Tonga' is covered in semi-double pinkish purple blooms in late summer for several weeks. Established plants	
grow to 2' and work well either in containers or in the landscape.	
Aster 'Kickin® Pink Chiffon' has pastel pink flowers on a plant reaching 3'. The 'Kickin®' series are known for their disease	
resistance and bloom power.	
	·

Buddleie (Humdinger® Levender Cunselle) DD#20221 is a compact butterfly bush reaching 4. The levender purple bloom
Buddleja 'Humdinger® Lavender Cupcake' PP#28221 is a compact butterfly bush reaching 4'. The lavender-purple bloom
panicles can grow 12" long and persist from midsummer into fall. Zones 5-10. Campanula hybrid 'Pink Octopus' PP#18885 is a vigorous plant that covers itself in pretty pink octopus-like blooms in early
summer. It can bloom for weeks and is purported to do well in the South. Zones 5-9.
Clematis 'Still Waters™' PP#20372 is a large violet-blue, easy to grow clematis from Proven Winners®. It blooms on new and
old wood and can be cut back to about 2' each spring if needed. Blooms in spring and summer.
Coreopsis grandiflora 'Double the Sun' has large semi-double golden yellow blooms 1-2 weeks earlier than similar varieties.
It grows 14" with a neat mounded habit and can bloom for months. Zones 4-9.
Coreopsis 'L'il Bang™ Orange Elf' PPAF grows to 12" and is covered in bright orange and yellow blooms throughout the
summer. It combines well with other perennials or can stand alone in the landscape. Zones 5-9.
Delphinium elatum 'Delphina™ Dark Blue White Bee' is part of a new series that grows to 18". Bloom spikes of rich dark
blue flowers with white bees appear in early spring. Zones 4-8.
Dianthus 'American Pie™ Key Lime Pie' PPAF has unusual white blooms with green centers. The scented flowers sit atop
sturdy stems that are great for cutting. Zone 5.
Dianthus 'EverLast™ Lavender Lace' PPAF is an early blooming, fragrant variety producing single raspberry red blooms with
lavender-pink edges. Zones 5-10.
Dianthus 'Scent First™ Sugar Plum' PP#21398 is a free flowering, scented, double maroon and pink variety. It has long stems
for cutting. Zones 5-9.
Dianthus 'SuperTrouper™ Red White' has double red and white scented blooms that persist for weeks. Zones 6-9.
Digitalis 'Dalmation Purple' and 'Dalmation Rose' have excellent branching and neat habit. These grow 2-3' and have strong
flower spikes with rich colors. Zones 5-9.
Echeveria 'Burgundy Pearl' and elegans 'Blue' are 2 new showy varieties for this year. 'Burgundy Pearl' has green rosettes
with deep burgundy tips. Elegans 'Blue' makes a pretty, tight clump of blue-green rounded succulent leaves. Zone 9.
Echinacea hybrid 'Double Scoop™ Cranberry' PP#24769 and 'Double Scoop™ Mandarin' PP#26640 have large, fragrant,
pompom flowers that resist fading in the heat. They grow 26". Zones 4-9.
Echinacea hybrid 'Sombrero® Tres Amigos' PPAF presents 3 colors at once. The blooms open a peachy-coral, age rose and
then fade to burgundy. This unique bloomer grows about 20" and is well branched and floriferous. Zones 4-9.
Echinacea purpurea 'Cone-fections™ Butterfly Kisses' PP#24458 is free flowering double that produces large pink flowers. It
is a compact grower reaching 15". Zones 4-9.
Echinacea purpurea 'Green Twister' is a natural mutation of the popular 'Magnus'. The unique bicolor daisy-like blooms
change in color from lemon-green edges to a bright carmine-red center. It grows to 3' and is hardy in zones 3-8.
Echinacea tennesseensis (TN Coneflower) 'Rocky Top' is a Tennessee native wildflower that has pink daisy-like blooms in the
summer. It normally grows to 30" and is hardy in zones 5-8.
Fern 'Five-Finger Maidenhair' (Adiantum pedatum) is native to this area and produces graceful, lacy fronds. It grows 12 –
30" and once established, will thrive in moist, shady places.

loom through the summer months. Zones 4-9. eranium pretense 'Dark Reiter' has finely cut, dark purple leaves and lilac-blue flowers. The compact mound reaches about 2" and blooms in early summer. nese varieties get 3-4' tall and are hardy in zones 5-10. Available late Spring 2019.	These varieties get 3-4' tall and are hardy in zones 5-10. Available late Spring 2019.	

Hibiscus moscheutos 'Flemings' varieties 'Fireball™' PP#13631, 'Old Yella™' PP#23698, and 'Plum Crazy™' PP#11854 are	
hardy hibiscus that grow 3-4' and are covered in 12" blooms all summer long. 'Fireball™' is deep red, 'Old Yella™' is pale	
yellow, and 'Plum Crazy™' is plum-purple. All are hardy in zones 4-11. Available late Spring 2019.	
Hibiscus moscheutos 'Starry Starry Night' PP#27901 has dark foliage with large pink blooms that are speckled and veined a	
darker pink. It grows to 4' and is hardy to zone 4-9. Available late Spring 2019.	
Hosta 'Coast to Coast' PP#26469 and 'Diamond Lake' PPAF' are part of the Shadowland® series from Proven Winners®.	
'Coast to Coast' boasts giant gold leaves that form a vase-shaped clump. 'Diamond Lake' has large, heart-shaped blue leaves	
that reach 9" wide.	
Hosta 'Dancing Queen' is the 2020 Hosta of the Year. With pretty yellow foliage that holds its color well, it is an	
improvement over older yellow varieties. The clump grows 18" with scapes reaching 28".	
Hosta 'School Mouse' PPAF has coarse blue-green leaves with a prominent yellow margin. It is another popular 'Mouse'	
variety and grows 8" up to 14" with bloom scapes.	
Hosta 'Sun Mouse' PPAF is a miniature (6") hosta with bright yellow foliage. It resembles 'Blue Mouse Ears' in shape and	
performance although it is a bit shorter and wider.	
Iberis amara 'Summer Snowdrift' PPAF is a new candytuft that blooms weeks longer than traditional types. The snow white	
blooms appear in early spring and persist into the summer months. Can be used in mixed containers. Zones 6-9.	
Iris dwarf 'Cat's Eye' and 'Trajectory' are our new dwarf varieties for 2019. 'Cat's Eye' grows to 15" and is a fragrant, cherry-	
red and rose bicolor. 'Trajectory' grows 13" and the dark purple blooms have white patches on the falls.	
Iris german 'Blueberry Bliss', 'Concertina', 'Disco Music', 'Innocent Star', 'Midnight Treat', 'Rock Star', and 'Rosalie Figge'	
are new additions to our iris collection. 'Blueberry Bliss' has ruffled navy blue blooms early in the season. 'Concertina' is an	
intermediate, reblooming rose-pink iris with delightful blue beards. 'Disco Music' is a mid-season bright orange. 'Innocent	
Star' an early season, reblooming burgundy wine plicata. 'Midnight Treat' is an early blooming unusual purple and black	
bicolor. 'Rock Star' is a reblooming raspberry-rose plicata that grows to 30". 'Rosalie Figge' is a sweetly scented, reblooming	
purple.	
Iris laevigata 'Variegata' is a brightly striped water iris with blue blooms in the spring to early summer. It grows in up to 8"	
standing water and is hardy in zones 5-9. Attractive to hummingbirds.	
Kniphofia 'Winners Club™' varieties 'Jackpot' PPAF and 'Lucky Lemons' PPAF have upright foliage with lots of bloom power.	
'Jackpot' is a rebloomer, growing 3' with reddish orange and yellow blooms. 'Lucky Lemons' grows 4' with yellow blooms	
that appear two-toned as they age. Zones 5-9.	
Lagerstroemia (Crape Myrtle) 'Barista®' varieties 'Brew Ha Ha' PPAF and 'Cherry Mocha' PPAF are part of a hardy	
collection of crape myrtles that have overwintered well in zone 6. 'Brew Ha Ha' has bubblegum pink flowers atop dark foliage	
while 'Cherry Mocha' has cherry red flowers. Both grow 2-3'.	
Leucanthemum (Shasta Daisy) 'Real Sunbeam' PPAF has single, bright yellow flowers atop strong stems. It is best to	
deadhead to promote rebloom and is hardy in zones 5-9.

Sedum 'Steel the Show' PPAF has blue-green foliage and rose pink blooms in late summer. It makes a good groundcover as it	
grows only about 8". Zones 3-9.	
Sedum 'Little Miss Sunshine' PPAF is a groundcover sedum with dark green foliage topped with bright yellow flowers in the	
summer. Zones 3-9.	
Sedum telephium 'Touchdown™ Flame' PP#26079 is an upright, well branched, summer blooming sedum. It has dark foliage	
that ages reddish brown and olive-green at the tops of the stems. The flower heads are creamy yellow. Zones 4-9. Limited	
Quantities.	
Sempervivum 'Sunset' is a smaller hen and chick that is heavily tipped with red or orange with a green center. The colors	
change with the seasons.	
Stachys monieri 'Hummelo' is the 2019 PPA Plant of the Year. Spikes of rose-purple flowers rise above textured green	
foliage during the summer. It grows to 20" and is hardy in zones 4-8.	
Syringa (Lilac) 'Bloomerang® Dwarf Pink' PPAF is a reblooming pink that grows 2-3'. This sweetly scented lilac is easier to	
tuck into smaller spaces. Proven Winners®.	
Verbena rigida is a drought tolerant, easy to grow plant that we have had in our garden at Mary's for years. It grows 1-2' and	
has pink-purple blooms during the heat of the summer. While it is zoned for warmer climates, it has overwintered in our	
garden for several years. Available late Spring.	
Veronica hybrid 'Moody Blues® White' PPAF is a tidy veronica with snowy white bloom spikes through the summer. It	
grows to 14" and is hardy in zones 4-9.
